ACTIVITIES OF INSURANCE BUREAU DIVISIONS

The Insurance Bureau is headed by the Commissioner of Insurance who is appointed by the Governor to serve a four year term. There are two deputy commissioners, the Deputy Commissioner for Policy and the Deputy Commissioner for Administration, who coordinate activities of Bureau divisions and perform specialized services within the Bureau. The organization chart on page four illustrates the Bureau's underlying structure.

OFFICE OF POLICY & COMPLIANCE

This office performs a variety of functions within the Insurance Bureau. The Hearings Division conducts administrative hearings on topics ranging from alleged violations of the Insurance Code by licensees, to rate filing reviews, to consumer assistance matters. Actuarial services are provided to other units by the Office of Actuarial Analysis and Planning which is also developing computerized information systems to monitor selected insurance markets.

The Consumer Protection and Malpractice Arbitration Division administers the medical arbitration program established by Acts 140 and 141 of the Public Acts of 1975. This division also performs research and makes policy recommendations in the area of minimum standards for life and health insurance, malpractice insurance, medicare supplementary insurance, dread disease policies and other related topics. The Regulatory Standards Division analyzes current problems encountered by the Insurance Bureau in its regulatory role and develops recommendations for dealing with these problems, particularly in implementing the Essential Insurance Act.

These latter two divisions develop rules, bulletins, and guidelines which convey the Insurance Commissioner's policy positions and interpretations of the Insurance Code. Taken as a whole, these components work to articulate a regulatory policy to be applied to the business of insurance, and to join with other areas of the Insurance Bureau to enforce regulatory policy.

OFFICE OF CONSUMER PROTECTION

The Office of Consumer Protection and Enforcement has as its primary mission protecting insurance consumers in Michigan and assisting them with problems and questions that they have relating to the insurance relationship in the State of Michigan. The Office of Consumer Protection and Enforcement (OCP) staff work to assure that Michigan insurance consumers get what they bargain for in the insurance relationship — that the coverage for which they pay is placed in force, and that all benefits deriving to those consumers from insurance contracts are, in fact, paid.

OCP is responsible for enforcement actions against licensees of all types pursuant to the requirements of the Insurance Code generally. The great bulk of Bureau administrative prosecutions are executed by OCP staff in the Consumer Protection Compliance Division.

Consumer Assistance Division (CAD)

This division helps consumers who have experienced problems with their insurance or who have questions regarding insurance. CAD is often able to mediate disputes between the consumer and company to the advantage of the consumer. In 1983, CAD received 917 written inquiries, 6,089 written complaints, held 342 "walk-in" personal conferences, and responded to 16,807 telephone inquiries. Through this division's efforts, there was a monetary return to consumers (in the form of claims paid and premiums returned) of approximately $2,500,000.

In addition to administration of the Bureau complaint review process, CAD has responsibility to conduct informal hearings required under the Essential Insurance Act. In 1983, CAD held 34 such informal reviews of consumers' grievances.

Market Conduct and Investigation Division (MCAID)

During 1983 many of the responsibilities previously assigned to the Bureau Investigation Division and Bureau Market Practices Division were organizationally reassigned to MCAID. The emphasis and priority for this new division was to investigate complaints received rather than to conduct general investigatory audits.

This division is charged with the responsibility of investigating allegations of violations of the Insurance Code and related laws by insurers, insurance agents, solicitors, counselors, and adjusters. During 1983, 225 investigations were completed.

Consumer Protection Compliance Division (CPCD)

This division was officially established as a distinct organizational unit of OCP during 1983. OCP staff with compliance responsibilities were transferred from other areas of OCP to staff CPCD. This unit is primarily responsible for prosecution of administrative and compliance cases and the resolution of these cases.

During 1983, 801 such compliance cases were initiated by CPCD staff. 419 cases were closed with a Commissioner's order during the year, and a large number of the open cases were pending near conclusion at the end of the year. 39 licensees had their license authority completely revoked. Five orders for Refusal to License applicants were issued by CPCD staff during 1983. Fines and compliance fees in the amount of $192,950.00 were assessed during 1983. Fines and compliance fees in the amount of $108,669.00 were actually collected during 1983.

OFFICE OF HEALTH INSURANCE

The Office of Health Insurance administers regulatory programs pertaining to prepaid health care and dental care service corporations, and health maintenance organizations. Unlike any other office in the Insurance Bureau, this office is structured along programmatic lines rather than along functional lines and its responsibilities encompass all aspects of regulation. The various functions performed in this office include licensing, financial standards and surveillance, market standards and practices, consumers assistance and complaint investigations, rate approval and monitoring, subscriber and provider contract approval, and policy and program development.

This office is divided into two areas of responsibility — the Blue Cross and Blue Shield of Michigan (BCBSM) and Delta Dental Plan (DDP) Division and the Health Maintenance Organization (HMO) Division. The above-mentioned functions are carried out by each division in its area of responsibility.

BCBSM and DDP Division

BCBSM provides coverage for medical and hospital care to almost five million persons, over half of the state's population. It has contracts with all but two hospitals and provides payments to the majority of physicians in the state. It also administers the federal Medicare program in Michigan.

The first major legislative reform of BCBSM since its inception in 1939, 1980 P.A. 350 was scheduled to take effect April 3, 1981. The implementation of this Act was blocked by an Ingham County Circuit Court injunction issued on April 2, 1981 prohibiting P.A. 350 from going into effect. The question of the constitutionality of this legislation is before the Michigan Supreme Court. The Act restructures the Board of Directors of BCBSM to increase consumer representation. It also embodies a significant reduction in direct authority of the Insurance Commissioner over corporate reserves, rates of reimbursement to hospitals

and subscriber rates. However, it is an imaginative attempt to solve pressing health care problems, the most important of which is cost containment. Until the Supreme Court rules, the Commissioner of Insurance continues to operate under the regulatory authority as enacted in 1939 P.A. 108 and 109.

The increase in health care costs and utilization of health care services continues to be a serious concern to the Office of Health Insurance. These factors were a major component in making necessary a 15% increase in area rated groups that went into effect January 1, 1983. To mitigate this increase the Commissioner also approved new deductible and copayment programs that were made available to BCBSM's area rated groups. These new programs cost less than current certificates and will help control health care utilization.

BCBSM also requested a rate increase for Other-Than-Group Medicare Supplemental (OTG), Non-Group, and Group Conversion subscribers totalling a composite 42%. The rate review process included a series of five public hearings held throughout the state where the public and all other interested parties were urged to testify on BCBSM's request. Those unable to appear in person were asked to submit their opinions in writing. Testimony was presented at these hearings on a variety of subjects including the adverse effect any increase in rates would have on BCBSM subscribers and the financial condition of BCBSM. The final order issued by the Commissioner on October 10, 1983 granted the following rates:

Line of Business	Coverage	Rate Increase
Group Conversion	Blue Cross	0.05%
	Blue Shield	0.11%
Non-Group	Blue Cross	19.29%
	Blue Shield	0.12%
Other-Than Group Medicare Supplemental	Blue Cross	11.49%
	Blue Shield	11.94%

In addition, BCBSM continues its impressive economic recovery according to its December 31, 1983 financial statement. BCBSM's contingency reserves, monies not necessary for the payment of claims, have skyrocketed to over $321 million. This is a $105 million increase over the previous year. In addition, the company posted its first net underwriting gain in five years. In 1983, underwriting income exceeded claims and expenses by over $49 million.

Delta Dental Plan of Michigan (DDP) completed its 25th year of providing prepaid dental benefits to the citizens of Michigan. DDP provides coverage for over 1.5 million people and over 90% of the actively practicing dentists in the state have service agreements.

HMO Division

Health maintenance organizations (HMOs) continue to progress as an alternative to traditional "fee-for-service" arrangements. HMOs focus on promoting preventive health care rather than only treating illnesses. Incentives are built into the system to encourage physicians to practice preventive care. Thus, HMOs have been very effective in controlling hospital utilization and providing a more efficient means of delivering health care. For example, HMOs have been able to reduce hospital utilization by 16.1% from 534 days per 1,000 in 1981 to 448 days per 1,000 in 1983. During 1983, enrollment in HMOs increased by over 45% from 370,688 to 538,563 members. While this is a very healthy growth, Michigan's population enrolled in HMOs is only about 6% of the total. With the recent promotional efforts of business, labor, and government; it is expected that this percentage will increase significantly. Three new HMOs were licensed during 1983 and one additional new application was in the licensure process as of the end of the year. Relicensure applications of two HMOs were also processed and approved during the year. In addition, several of the existing HMOs expanded their service area into new communities thus making the HMO option available to more people.

HMOs are subject to dual regulation. The Insurance Bureau handles the business and financial aspects of regulation and the Department of Public Health handles the health care delivery aspects. With an Interagency Agreement executed in 1982 between the Insurance Bureau and the Department of Public Health and with the implementation of 1982 P.A. 354 which was signed into law by the Governor in the latter part of December 1982, the regulatory functions were streamlined considerably and unnecessary duplication and overlap were eliminated. P.A. 354 was the first major overhaul of the HMO statute since its inception in 1974.

OFFICE OF INDUSTRY STANDARDS

This office administers regulations to assure that insurance companies can meet their contractual responsibility to policyholders when claims are submitted. In regulating for solvency, company financial records are audited, examined, and analyzed.

Financial Standards Division

This division's primary responsibility is conducting financial examinations on site of insurers licensed in the State of Michigan so as to assure continued company solvency and compliance with the statutes, thereby protecting the insurance buying public. In addition, the division is responsible for the annual valuation of reserves of domestic life insurers and alien life insurers using Michigan as a port of entry state.

In 1983, the Bureau's staff of 15 examiners participated in 25 examinations: 24 of the companies were domiciled in Michigan, and eight examinations were conducted under the auspices of the National Association of Insurance Commissioners with the participation of examiners from other states. The division also examined one Canadian company that used Michigan as its port of entry state.

Financial Analysis Division

Every insurer licensed to transact insurance in the State of Michigan is required by statute to file a detailed financial statement covering the preceding calendar year on or before March 1 of each year. This division is responsible for analyzing 1,450 detailed annual financial statements each year, as well as less detailed quarterly statements from many of those companies. Also audited are statements filed by unlicensed companies under the surplus lines provisions of the Michigan insurance laws. Analyses are performed in order to determine financial solvency and to ensure compliance with various statutory requirements.

The Financial Analysis Division is also responsible for administration of the Premium Finance Act. As of December 31, 1983, there were 34 premium finance companies licensed in Michigan.

Market Standards Division

This division assures that rates for insurance policies marketed in Michigan are not excessive, inadequate, or unfairly discriminatory, and that benefits are reasonable in relation to the premium charged. Insurance contracts are examined for required clauses and to make sure they are not ambiguous or misleading.

There is a trend in the insurance business to provide easy to read policy forms. This phenomena has increased the filing activity to replace obsolete insurance contracts with the more readable counterparts.

During 1983, the division acted on 9,298 property and liability rate and form submissions. In addition, 24,083 individual policy forms were approved or disapproved.

In 1983, the division received 8,375 life and health policy form or rate filings and 2,705 advertising pieces or marketing plans. In addition, 1,471 miscellaneous filings were received such as lists of exempt forms, accident and health experience exhibits, discretionary group life filings and miscellaneous inquiries.

OFFICE OF LICENSING AND ADMISSIONS

Overall supervision of company admissions and agent licensing is the primary responsibility of this office. It is also assigned liaison and monitoring responsibility for the Property and Casualty Guaranty Association.

The Surplus Lines Unit monitors the activities of surplus lines agents. The Bureau received premium tax payments totaling $2,157,671.99 in 1983. New surplus lines licenses were issued to 23 agents. There are 164 surplus lines agents licensed in Michigan.

Agency Licensing Division

This division conducted 11,580 qualifying examinations of all types in 1983; 6,781 examinations were completed successfully, while 4,799 failures were recorded. The table below shows the results of the agent examinations by lines of insurance:

The division received and processed 83,330 agent appointments and 62,285 appointment cancellations.

Insurer Licensing Division

This division is responsible for supervising applications by foreign and alien insurers for admission to Michigan, for amended authority in Michigan, the organization of new Michigan companies and the collection of premium taxes. The total number of companies authorized to write insurance coverages in Michigan as of December 31, 1983 was 1,278, an increase of 6% over 1982. The division is also responsible for processing legal documents served on foreign insurers and for maintaining corporate files which contain original copies of activity affecting insurance companies licensed in Michigan.

RECEIVERSHIP DIVISION

Insurance companies doing business in the State of Michigan which become insolvent are supervised by the Commissioner of Insurance as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court. The Commissioner of Insurance, being accountable to the court for the receiverships, is empowered to appoint a deputy receiver to act as the Commissioner's agent and to employ counsel as may be necessary to administer the trust. The cost of such administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluating claims filed by all interested parties in order to determine the total claim liability against the insolvent insurer, and the investing and conserving of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.
